Industry meet was held at Indian Speciality Chemical Manufacturer's Association at Mumbai. It was an encouraging participation from Industry members of Plastic & Chemical industry. The Guest of Honor for this event were CIPET

Chandrapur Head HR

**Mr. A. K Joshi**

and

ISCMA president

**Mr. Vinay Patil.**

Presentation on skill development training, and various training models like RTD, RPL ,NAPS were introduced and discussed by Rahul Ukey from RCPSPDC. The benefits of industry collaboration with RCPSPDC was also discussed and highlighted. Existing training programs at Maharashtra & Gujarat was briefed to all the industry members present. The participating members gave a welcoming response and were very encouraging about on going skill training programs. They have shown interest in giving placement to the skilled workforce trained and assessed through RCPSPDC. Further, the members have shown interest for having similar meets and events in other districts as well.

# FUN FACTS

RUBBER GOT ITS NAME, RUBBER, IN 1770 WHEN IN ENGLAND A MAN NAMED JOSEPH PRIESTLY DISCOVERED IT COULD BE USED TO RUB OFF PENCIL MARKS.

TREES ARE SIX YEARS OLD BEFORE TAPPING FOR RUBBER BEGINS AND THEY MAY BE TAPPED FOR UP TO 28 YEARS.

RUBBER BANDS LAST LONGER WHEN REFRIGERATED

IT TAKES 75% LESS ENERGY TO MAKE A PLASTIC BOTTLE FROM RECYCLED PLASTIC COMPARED WITH USING 'VIRGIN' MATERIALS

THE FIRST DOCUMENTED USE OF RUBBER WAS BY THE OLMECS, WHO USED IT TO MAKE BALLS AND BOOTS AROUND 1600 BC
