RCPSDC is constantly engaging with Tool Rooms & Training centers to enhance the skill of youth in the Rubber, Chemical & Petrochemical Sectors. Through collaboration with Tool Rooms, RCPSDC seeks to enhance skill development, research and development, and related services.

In a recent visit to MSME Tool Room @ Vishakhapatnam where students are being trained on RCPSDC courses, I'd like to offer sincere thanks to 'Min of Micro, Small & Medium Enterprises' for creating such a growth bed and capacity for nation-building.

Chairman's Message:

Skill Development of the youth is very important for Nation- Building. In the FY23-24 Budget, the government placed a strong emphasis on skill development by launching PMKVY 4.0 and new schemes. FM announcement on PMKVY 4.0 is an as welcome and constructive step towards making skilling available to the remotest corners of the country. Industry, vocational students, etc. will benefit

immensely from it. In the next three years, as many as lakhs of youth will be trained under PMKVY 4.0.

Mr Vinod Patkotwar, Chairman,
RCPSDC

UNION Budget 2023-24 extends the commitment to **Skilling Youths of India**

BUDGET 2023- 24: SKILL DEVELOPMENT, WORK- INTEGRATED EDUCATION

In the FY23-24 Budget, the government placed a strong emphasis on skill development by launching PMKVY 4.0 and new schemes.

RCPSDC is committed to skilling the youth in Rubber, Chemical & petrochemical sectors and disseminates best practices to ensure that the youth is skilled and employable.

The Union Budget 2023-24 extends the commitment to skilling youths of India. The announcement of the establishment of 30 skill India international centres is a welcome step towards strengthening the skill ecosystem in the country.

The budget highlights Skill Development, work integrated education and job creation. FM announcement on PMKVY 4.0 is as welcome and constructive step towards making skilling available to the remotest corners of the country. Industry, vocational students, etc. will benefit immensely from it. In next three years as many as lakhs of youth will be trained under PMKVY 4.0.

Besides the scheme will focus on On-Job Training, Industry-relevant Skill Training. It will also provide new-age courses for Industry 4.0 such as coding, artificial

intelligence, robotics, mechatronics, IoT, 3D printing, drone, and other soft skills.

FM also announced the launch of a unified 'Skill India Digital Platform' that will enable demand-based formal skilling, link the youths with employers including MSMEs, and facilitate access to entrepreneurship schemes.

The Announcement of 100 Labs to develop 5G Apps can be replicated across various sectors where emerging tech incubation and propagation can take place. RCPSDC looks forward and support such progressive steps taken by the government.

RCPSDC believes the Country to be in 'Amrit Kaal' as recognition Skill and its development become an important point in this union budget.

Tool Room: Enhancing the Skilling in Petrochemical Vertical

Mr Saif Mohammad, CEO, RCPSDC interacting with Candidates at Government Tool Room & Training Centre, Karnataka

With a view to bolster the drive to enhance the youth with Skills, Rubber, Chemical & Petrochemical Skill Development Council (RCPSDC) signed an MoU with Government Tool Room & Training Centre, Karnataka (GTTC). The Collaboration is a strategy that seeks to enhance skill development, research and development, and related services.

The MoU was signed by Mr. Saif Mohammad, CEO, RCPSDC and Dr Ramesh N, Deputy Manager, GTTC at RCPSDC's Annual Awards.

The objective of this Agreement is to strengthen industry-student interactions by exposing students to technical advancements, innovations, and industry competitiveness through skill-based training.

Mr Saif Mohammad, CEO, RCPSDC visited GTTC and interacted with the students enrolled for the training for RCPSDC's CAD/CAM course. He also encouraged the candidates enrolled for CAD CAM Designer- Plastic Product job role and educated them on the prospects of the Petrochemical Industry.

Mr Saif Mohammad, CEO, RCPSDC interacting with Candidates at Government Tool Room & Training Centre, Karnataka

Speaking on the occasion, Mr Saif Mohammad, CEO, RCPSDC said, “RCPSDC is committed to raise the benchmark of Skilling and is targeting to make the youth industry ready through Skilling, Up-Skilling & Re-Skilling”.

The course will be one of its kind in addition to their regular certification course. The enrolled candidates will be awarded dual certification along with their regular Post Diploma.

The Courses have been designed so that a student can acquire an in-depth knowledge of the concepts of CAD/CAM designing and refine the skills needed in the Petrochemical (Plastic) Industry.

RCPSDC ties-up with Punjab Skill Development Mission

Mr Saif Mohammad, CEO, RCPSDC and Ms Deepti Uppal (IAS), Director General Employment, Skill Development & Training- cum-Mission Director, Punjab Skill Development Mission signing the MoU

From the manufacturing point of view, Punjab represents one of the largest clusters of rubber products manufacturing units. In a breakthrough initiative, RCPSDC inked an MoU with Punjab Skill Development Mission (PSDM) to ensure the generation of skilled manpower in Rubber sector, to provide employment opportunities to youth across the nation, create career paths in roles existing within the unorganized and organized segments of the rubber sector and ensure active participation of the industry in absorption of Skilled manpower certified through RCPSDC.

The MoU has been signed considering the immense potential for training youth who have employable skills for the Rubber sector. The Collaboration with PSDM is meant to skill and eventually uplift the availability of Skilled manpower in rubber sector.

The Candidates will be provided training on Qualifications designed exclusively by RCPSDC such as 'Rubber Product – Quality Assurance Supervisor, Rubber calendering's Operator, Rubber Internal Mixer Operator, Tyre Fitter- Servicing and Maintenance, Assistant Operator- Tyre Retreading – Building & Curing, Rubber Extruder Operator and Rubber Moulding/Curing Supervisor'.

The courses and programmes aligned to the cutting edge curriculum developed by RCPSDC would enhance

the employability of candidates by equipping them with relevant skills for the industry.

The enrolled candidates will be provided training in the Industry premises. After successful training, RCPSDC will undertake assessment of trained members both on theory and practical skills. Successful members will be certified by RCPSDC.

RCPSDC will also provide Placement support to the candidates.

RCPSDC looks after your **Corporate Social Responsibility**

Through Corporate Social Responsibility projects, Rubber, Chemical & Petrochemical Skill Development Council (RCPSDC) aims to participate and contribute in building a well skilled and empowered society.

• CSR Module for Industries by RCPSDC

Centre of Excellence

Be a part of 'Centre of Excellence' for skill development focused on the Rubber, Chemical & Petrochemical sectors in strategic locations with reputed Institutes & Facilities through RCPSDC or pledge your spare capacity/infra for the development of Labs that are sustainable as we make them multi-capable in various aspects like:

- **TRAINING and TESTING Lab through CSR**

Setup Multiskilling Training Centre to be owned and run by an experienced RCPSDC CSR team and subject matter experts. Upgrade your facility for your own use and make it available to the other companies for their testing and training purposes. These centers also serves as Academy for Training of Trainers and Assessors to run the skill courses.

- **Focal Point for Ideation, Incubation and Setting up projects**

CoE plays an important role in becoming a fulcrum for creation of new ideas for the industry, helps in incubation and scaling up of the new technologies.

- **Catalyst for Industry, Entrepreneurs, Academic Institutes and Associations**

CoE is a conduit between industry, academia, associations and government. This ensure high visibility for the participating companies and becoming the regional magnet for the industry other than securing an alternate revenue stream.

- Academy for Training of Trainers (ToT) and Training of Assessors (ToA) that helps in capacity building

Prominent CSR Project Partner Organizations

Know our Team

Ms Ruchi Verma
Manager - Industry & CSR

I have joined Rubber, Chemical & Petrochemical Skill Development Council as Manager- Industry & CSR.

I have 7 years of experience, including 4.5 years of experience in Skill Development, worked for PSU based CSR projects, coordination with State Mission Department for new projects & headed operations along with Central govt. projects.

I am very excited to be part of RCPSDC & contribute my skills & knowledge for overall development of the company.
