

RCPSDC showcases skilling opportunities at AIPMA International Summit in New Delhi and Mumbai

Rubber, Chemical & Petrochemical Skill Development Council (RCPSDC) unveiled full-fledged pavilions on the skilling schemes in the Plastics sector at the International Summits organized by The All India Plastics Manufacturers' Association (AIPMA). The summit in New Delhi was organized in collaboration with the Ministry of Micro, Small & Medium Enterprises (MSME) which focused on the Plastic Recycling & Waste Management and Innovations in Plastic Industry. Another summit in Mumbai was organized in association with AIPMA's AMTEC which focused on Innovations in Plastic Industry.

Carrying forward the agenda of the Skill India Mission, RCPSDC exhibited its objectives, various running schemes like NAPS, RPL and Short-term training etc. RCPSDC showcased eKaushalacharya, an exclusive online platform for digital learning in Rubber & Plastic Industries and also educated the audience on its pilot project 'Utthaan'.

Project "Utthaan- Uplifting Lives of Plastic Waste Management Workforce" is one of the flagship projects of RCPSDC which aims at upskilling the workforce (unorganised ororganised) in plastic waste segregation, processing, and recycling job roles and to help them perform their jobs more effectively and enhance their productivity.

“RCPSDC has undertaken several initiatives & implemented various Government skilling schemes to upskill the Rubber & Petrochemical sectors and make them competitive. Our stall at the summit highlighted the ‘Utthaan’ project, Insights on different ways that the industry can benefit from RCPSDC in upskilling its workforce through the National Apprenticeship Promotion Scheme (NAPS), Recognition of Prior Learning (RPL), Short Term Training and recruit trained manpower through our job portal.”

“The Summits provided a platform for RCPSDC to showcase its endeavours and achievements to the industry, where it was encouraged and appreciated. Industry members present there visited the stalls and gave their requirements for re-skilling and recruitment of skilled manpower in the Plastics industries. They also learned about Plastic Processing & Recycling Industry in detail” she added.

Ms Shewani Nagpal, COO, RCPSDC

Industries also appreciated the exclusive Placement Portal for the Rubber & Petrochemical sectors for Job Seekers & Employers to hunt for jobs & employees. RCPSDC explained that the portal comes with the advanced filtration tools that allow employers and jobseekers to filter their search based on their desired interests, location, skill sets and more.

RCPSDC signs MOU with Tamil Nadu Skill Development Corporation

Mr Vinod Simon, Past Chairman & GC member of RCPSDC, Mr C.V.Ganesan, Minister for Labour welfare and Skill Development, Ms J Innocent Divya, IAS, MD, TNSDC

In a significant development aimed at uplifting the skilling quotient across hundreds of units involved in rubber, chemical and petrochemical (Plastic) sectors (especially MSMEs) in the state of Tamil Nadu, the Tamil Nadu Skill Development Corporation (TNSDC) has joined hands with Rubber, Chemical & Petrochemical Skill Development Council (RCPSDC). RCPSDC is the sector skill council for all three domains and has already skilled and up-skilled over 2.5 lakh candidates in the country in association with various State Skilling Missions.

RCPSDC's scope of work in Tamil Nadu will include the design & development of an industry ready curriculum, ensuring quality in skill training being imparted in the state across all three domains, assessment & certifications of candidates and industry engagement, etc.

“We are privileged to come on board with TNSDC, the apex body mandated with strengthening the skilling ecosystem in the state. Tamil Nadu is the largest tyre manufacturing state in the country and is also a leader in plastics manufacturing. This presents ample opportunities for RCPSDC to make a difference to the skilling scenario, especially in Plastics and Rubber/ Tyre domains”.

Ms Shewani Nagpal, COO, RCPSDC

“The shop floor is witnessing fast-paced technological advancements with the need for skilled personnel on the rise for improving productivity. Tamil Nadu has a robust skill development ecosystem. The association with RCPSDC will positively influence training quality and standards in the three vital sectors, thereby reducing skill gaps, improving manpower productivity and increasing employment opportunities for the skilled workforce, added Ms Nagpal.

As per the Memorandum of Understanding (MoU), RCPSDC will develop National Skill Qualification Framework (NSQF) compliant course curriculum to maintain high training standards. Assessment and certification of trainees based on National Occupational Standards (NOS) and promotion of industry participation in apprenticeship and placements are the other key areas that RCPSDC will be involved in. RCPSDC will be mandated to organise periodic Training of Trainers (ToT) programs to equip trainers with the latest industry relevant skills, knowledge, tools and technology. Besides this, RCPSDC will also be setting up Centres of Excellence as and when mandated by TNSDC.

Some of the state skill missions that RCPSDC has already collaborated includes Uttarakhand Skill Development Mission (UKSDM), Uttar Pradesh Skill Development Mission (UPSDM), Additional Skills Acquisition Program (ASAP) Kerala, Assam Skill Development Mission (ASDM) and Andhra Pradesh State Skill Development Corporation (APSSDC).
